St. Mary's Primary School Statement of Commitment to Child Safety:

Reviewed: Term 3 2016

Ratified by School Board:

Commitment to Child Safety

All students enrolled, and any child visiting, have the right to feel safe and be safe in all school environments and outside of school hours. The wellbeing of children in our care will always be our first priority and we have zero tolerance to child abuse. We aim to create a child safe and child friendly environment where children feel safe and are free to enjoy life to the full without any concern for their safety.

The Statement is intended to provide the central focus for child safety at our School.

Our school sets out to be a school for the human person and of human persons. ‘The person of each individual human being, in his or her material and spiritual needs, is at the heart of Christ’s teaching: that is why the promotion of the human person is the goal of the school’. (Congregation for Catholic education 1997, par. 9)

St. Mary’s School holds the care, safety and wellbeing of children and young people as a central and fundamental responsibility of Catholic education. This commitment is drawn from and inherent to the teaching and mission of Jesus Christ, with love, justice and the sanctity of each human person at the heart of the Gospel.

Our School has a collective expectation for the protection of children. We are strongly committed to ensuring that all those engaged in our school promote the dignity of children and young people and their fundamental right to be respected and nurtured in a safe school environment. This is particularly so for the most vulnerable children, including Aboriginal and Torres Strait Islander children, children from culturally and/or linguistically diverse backgrounds, and children with a disability.

We believe we have a moral, legal and mission-driven responsibility to create nurturing school environment where children and young people are respected, their voices are heard and where they are safe and feel safe.

When allegations of abuse concerning children and young people are raised, our School will take prompt action to have these appropriately referred and investigated.

All Staff will strive for continual improvement that is responsive to emerging thinking, evidence and practice, so as to eliminate the possibility of abuse occurring in the first place.

We understand that creating child-safe school environments is a dynamic process that involves active participation and responsibility by our school, families and community. We acknowledge it is marked by collaboration, vigilance and proactive approaches across policies, procedures, curriculum and practices.

Every Staff member has the responsibility to understand the important and specific role he/she plays individually and collectively to ensure that the wellbeing and safety of all children and young people is at the forefront of all they do and every decision they make.

We strive to provide a safe and nurturing culture for all children and young people in our school (As defined by the Victorian Government Special Gazette No. 2 (2016), ‘children and young people’ in this document refers to those children and young people enrolled as students in Catholic schools in Victoria.
