“Let your light shine”

Dear Parents,

I am very excited to welcome you and your child to the St Mary's School community. The caring and respectful culture of the school extends to family members of all ages and we are looking forward to involving you and your child during their time here.

St Mary's has a rich tradition in Catholic education and is proud of the excellent reputation we have gained in our local and wider community. Included in this pack are our Vision Statements and Graduate Outcomes, which provide us with a foundation on which we base our teachings. Our staff are committed to carrying out this vision in all aspects of school life.

We promote and support positive behaviours at all times and we focus on developing Respectful, Responsible, Resilient and Safe students. These four key aspects of life are embedded in the culture of St Mary's along with the Gospel values of love, forgiveness, understanding and respect.

St Mary's offers its students an education that develops the whole individual academically, socially, physically and spiritually. We set high standards and encourage our students to get the best out of themselves on a daily basis. We are committed to creating a contemporary curriculum that will provide our students with skills that they will need to succeed in life.

I hope that your time at school is a happy and enriching one. Primary school will leave you and your child with memories that will last forever and it is a privilege to have them here at St Mary's.

Ms Elaine Vertriest
Principal.
